

Bubble by Ana Fonseca 2014

Press Release

Bubble - 100% Cork, 100% Two.Six

For a long time Two.Six team had been thinking about cork and how to use it. Two.Six is based in Portugal and here is produced approximately 50% of cork harvested annually worldwide. Designer Ana Fonseca came with an idea that Two.Six team could not resist - Bubble!

Bubble is a 100% cork pouf for children but parents will be jealous! With a simple and compact design, Bubble would make a nice and playful addition to the children's room. The strap is available in six bright colors - blue, pink, yellow, green, orange and grey. Being 100% natural, cork has unique properties: it is light, waterproof, resistant to abrasion and temperature, hypoallergenic and comfortable. Bubble is waiting for you!

Diameter 18,9in Height 11,8in

Materials: 100% Cork | Strap colors: grey, green, orange, blue, pink, yellow

TWO.SIX

Two.Six design and Two.Six For Kids. Two.Six design studio favors [colors](#), and [clever details](#). Think touchable stripes of lacquer and quirky fabric accents, combined with handsome natural wood, of course. Aesthetically rich, challenging for its creativity. Two.Six Collection is made of versatile objects that naturally coexist in eclectic environments.
