Two.Six presents the NEW Mandarin Armchair

We are pleased to announce the launch of the NEW Mandarin Armchair, designed by Claudia & Harry Washington, during May Design Series, in London, and ICFE, in New York City, this May. Mandarin Armchair marries retro style with modern accents. Contrasting beautifully with the solid walnut wood frame, the shell is fully upholstered with seams creating a squared pattern. Designed by Claudia & Harry Washington, from El Salvador, Mandarin shows their creative flair and deep consideration for comfort and functional use. The result is an understated yet eye-catching chair.

Prepare yourself to fall in love!

Dimensions: 65x63,5x68,5 cm | 25,5x25x27,17in
