Two.Six presents Rugs inspired by Portuguese Traditional Tiles

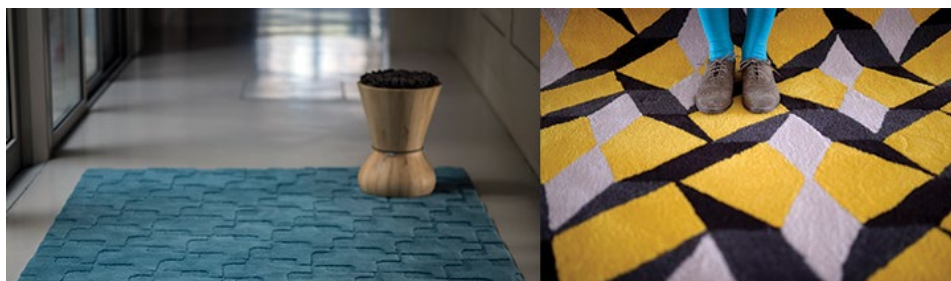

Two.Six accepted a new challenge: Rugs! Inspired by Portuguese Traditional Tiles, Domingos Ferreira designed for Two.Six Tiles and Cross Rugs.

Tiles is a graphic rug. Domingos Ferreira designed it, creating a geometric pattern colored with four different colors that gives a sensation of movement. You can find it in three wonderful versions - Yellow, Sky and Brick!

Cross is a 3D rug. The design, available in 3 colors - blue, green and grey - offers a dynamic visual effect, you'll be tempted to touch!

Cross and Tiles are hand-tufted in 100% wool, incredibly comfortable, easy to care for, ages well and holds its color.

These two new products will bring a sense of art and style into every interior. Absolutely irresistible!
